Senate Bill 74: Your Voice Matters!

Rule number one do not overcomplicate things. You are a WARRIOR! You share your opinions every day and this will be no different.

You CAN do this. You WILL do this. You ARE doing this!

Just take a deep breath and remember you are talking to everyday people who have taken an oath to PROTECT YOUR RIGHTS. They work for you, but it is also important to be kind while being firm. Leave room for pauses and emphasis on important points.

Prepare your 1-3 minute testimony:

- How would an employer mandated vaccine impact your family?
- SB74 protects workers rights, it will NOT remove an employers ability to mandate a vaccine. Employees have the right to exemptions.
- There is no evidence that the new COVID-19 vaccines prevent infection or transmission of COVID.
- The Indiana Constitution guarantees our inalienable rights including religions beliefs and rights of conscience.

HOOSIERS FOR MEDICAL LIBERTY 501(c)(4)
